## A LETTER FROM KELLY PRESLEY

Since 1946, Presleys Outdoors has always aimed to bring the best price to our local customers - After all, it is our local hunters & fishermen that have supported our store for 71 years now! A few years ago, I set a goal to bring this same low price to everyone in the U.S. through our website. Though shipping costs raise a factor on pricing, I work intensely every day to accomplish this low price to-your door goal. I offer 1000's of items with free shipping. The products that I offer with free shipping will land on your doorstep at the lowest price possible, but always know that those "free shipping" products can always be bought at an even lower price inside my store. I discount shipping costs and I will always support my local customers who support Presleys with the best price possible. Please stop by or call us for "In-Store Only Pricing."

This catalog represents just a small selection of what we have to sell. It highlights our BEST deals, but we also offer over 35,000 other items in the hunting, fishing, archery, and firearms categories. Stop by our store in Bartonville, IL or visit our website for a FULL selection of the best hunting and fishing gear at the BEST deals I can offer.

Thank you so much and I appreciate your business. Kill em all!

**FAMILY:** Wife Ashlee, Tyler & Audrey, Dog Bo  
**NICKNAME:** Quappie, Dew

Worm  
**HUNTING OR FISHING:** Seasonal. In January all I can think about is fishing and in July all I can think about is duck hunting.

**FAVORITE FISHING MEMORY:** One I will never forget was in Canada at Milt Wernsman's camp when I was 7 or 8. I was there with my Dad and Grandpa (Earl Tichy) and grandpa loved fishing more than anybody I know. He'd get so excited about it he could hardly talk. Well we went out on the first day and he was pumped up to make the first cast. Not only was it going to be the first cast, it was going to be the longest cast. He had a baitcaster and a Bomber crankbait. Well, he stuck it right in my skull.

**FAVORITE HUNTING MEMORY:** I remember duck hunting with my Dad in a flooded corn field. I was standing on a pallet and I was probably 11 or 12. Every duck that came in they would shoot. Then they promised I would get a shot at the next duck. And a hen and drake wood duck came in and I dropped them with one shot. My first ducks and I killed them both with one shot.
